**Planning for College & Technical School**

### Make High School Count
- Try different electives to see what you like (and don’t like!)
- Challenge yourself by taking honors classes
- Join clubs and sports
- Get good grades
- Use a planner & stay organized
- Practice taking notes
- Join community activities and volunteer in the community
- Stay on-track with graduation requirements or make-up missing classes (plan on taking summer school if it’s offered!)

### Consider doing Running Start as a Junior
Students take classes (part-time or full-time) for both high school and college credit at YVCC as juniors or seniors

**The Process:**
- Attend an informational night at your high school (February or March)
- Fill out an application from the website (www.yvcc.edu) or your counselor.
- Take the Compass test @ YVCC (schedule an appt. @ 574-4738; $15.75 fee)
- After you meet Compass test score requirements, meet with your school counselor
- Questions? Contact Skye Field @ sffield@yvcc.edu or 574-4971

**COMPASS Test**
- Evaluates reading, math & writing skills for placement in college classes
- Untimed test (about 3 hours long)
- Practice tests available @ www.act.org/compass

### Take the PLAN test
- Multiple-choice tests: English, Math, Reading, & Science
- Results show where your strengths and weaknesses are in each subject
- Take the test at your high school in the fall

**Take the PLAN test**
- Untimed test (about 3 hours long)
- Practice tests available @ www.act.org/compass

### Scholarships & Financial Aid
- Start saving your money (money from a job, allowance, gifts, etc)
- Talk honestly as a family about how you will pay for college
- Start applying for scholarships

**Tips about Scholarships**
- Sign up for scholarship search engines like thewashboard.org and fastweb.com
- Go to the Counseling Center often for updates (bulletin boards, paper bulletins, school website)
- Get involved in school clubs and sports
- Get involved in the community (activities and volunteering)
